Tim,

In response to the discovery request and subpoena, EPA is preparing to release the redacted copies of the RST contract and PWS as well as redacted START V contract, SOW, and supporting documents. I understand that copies of all these documents have been redacted by mutual agreement, as you and I did for START V. Please let me know if you have any questions or concerns about this release. Otherwise, we'll get the documents out to the plaintiff in the coming days.
